# Hello parents!

What is Kinderloop?

Kinderloop provides a secure way for child care providers to share information with parents, through real-time updates. **Each Kinderloop is a private closed loop**, photos are only shared with invited family members or staff and cannot be shared across the web. *(Content is owned by the care giver)*

Consent to take image (please sign)

I, _____ [name in print] consent to have

the image of my child[ren] _____ [name in print] captured by staff

for the purpose of developmental reporturing & secure parent communication using Kinderloop.

Signed by parent / guardian: _____ Date _____

Please securely invite my family members via email:

1. _____   2. _____

3. _____   4. _____

Please give a signed copy back to your care provider.

Benefits for parents and teachers

- **Secure and private**. The data will be accessible only by the families invited

- Use **smart devices to access news**, events, photos, and reminders as they happen without being tied to a clipboard or computer

- Parents receive photos, news, and reminders from the educator **on their smart device** or via the web

- Easily report on **developmental milestones**, curriculum themes, and school-wide updates

- Helps develop and maintain a **positive and constructive relationships** with your child's care giver & your family

- Parents can **continue the learning** with their children at home

- **Securely invite additional family members** worldwide to view your child's Kinderloop!
